Chris King has been a professional writer for over 15 years and a close follower of the fight game for far longer than that. Like most boxing fans, he watches the sport with a mixture of awe, fascination and occasional exasperation. What never changes is his unconditional admiration for the fighters themselves, whose dedication and bravery make the sport such a compelling spectacle.

I bought this as a gift for my grandfather who is a huge boxing fan. When it arrived I flipped through the pages and LOVED the layout. Plenty of pictures and descriptions and stories about some of the greatest fights in boxing history. This seems like its an easy book to pick up and flip through for anyone, boxing fan or not. This is why I'm giving it 5 stars *Please note I have NOT read it, but know it will be a good gift. I think it is a great coffee table book. I liked it so much I bought a second one right away for another boxing fan.

Interesting storylines and background details but the book completely ignores Joe Frazier, which I absolutely disagree with. The book is well written for who it covers.

Christmas gift for my nephew who is 14 and interested in boxing... He loved it!

Bought it for a friend who loves boxing. He said this book was well written and the photo's were awesome.

I bought the book for my nephew's birthday and he loves the book.

Nice looking book. Not fan of boxing. Fan of making my friends smile. This book is gift and will make one fellow very happy.

My youngest son loves boxing and I can't go wrong with a boxing book.
