My Drunk Kitchen: A Guide To Eating, Drinking, And Going With Your Gut

Synopsis

NEW YORK TIMES BESTSELLEROne day, sad cubicle dweller and otherwise bored New York transplant Hannah Hart decided, as a joke, to make a fake cooking show for her friend back in California. She turned on the camera, pulled out some bread and cheese, and then, as one does, started drinking. (Doesn't everyone cook with a spoon in one hand and a bottle of wine in the other?) The video went viral and an online sensation was born. *My Drunk Kitchen* includes recipes, stories, full color photos, and drawings to inspire your own culinary adventures in tipsy cooking. It is also a showcase for Hannah Hart's great comedic voice. Hannah offers key drink recommendations, cooking tips (like, remember to turn the oven off when you go to bed) and shares never-before-seen recipes such as: The Hartwich (Knowledge is ingenuity! Learn from the past!) Can Bake (Inventing things is hard! You don't have to start from scratch!) Latke Shotkas (Plan ahead to avoid a night of dread!) Tiny Sandwiches (Size doesn't matter! Aim to satisfy.) Saltine Nachos (It's not about resources! It's about being resourceful.) This is a book for anyone who believes they have what it takes to make a soufflÃƒÂ© for the holiday party and show up the person who apparently has nothing better to do than bake things from scratch. It also recommends the drink you'll need to accompany any endeavor of this magnitude. In the end, *My Drunk Kitchen* may not be your go-to guide for your next dinner party . . . but it will make you laugh and drink . . . I mean think . . . about life.

Ã¢ “I defy anyone to read this surprisingly useful book and not come away from it madly in love with Harto, hoping against hope that one day she will turn up, with alcohol and honesty and a heaped pile of humor, in your kitchen too.Ã¢ (Neil Gaiman, #1 New York Times bestselling author of *The Ocean at the End of the Lane*)Ã¢ “Hannah Hart is one of the smartest, funniest humans I know. She has done more than write a book- she has created a delightful hang-out in literary form. This book is my only friend now.Ã¢ (Chris Hardwick, founder and CEO of Nerdist Industries)Ã¢ “HannahÃ¢ ’s writing is like cold, leftover fried rice for breakfast: unusual, cultural, and overall . . . really f-ing good.Ã¢ (Grace Helbig, author of *Grace’s Guide* and creator and star of YouTube’s *It’s Grace*)Ã¢ “Maybe cooking isnÃ¢ ’t about creating culinarily perfect flavor artÃ¢ ’ maybe cooking is just part of living a life that you enjoy and that makes the world suck less. IÃ¢ ’m not saying HannahÃ¢ ’s food isnÃ¢ ’t good, but her ideas are butter...ahem...better.Ã¢ (Hank Green, Vlogbrother)

What a phenomenal work by the incredible Hannah Hart. This is the most interestingly hilarious work of kitchen tomfoolery I’ve ever had the pleasure to experience. I think that the writing in this book stands as a work of wonderful life advice for anyone of any age who has even the slightest hint of humanity in them. Honestly, you won’t find any in depth recipes with long lists of ingredients here. What you will find is a heart-warming, well written, and personal book of advice from someone who has had an interesting mix of life-experience, and the insight and generosity to share those experiences with all of us. Thank you for a wonderful read Hannah!

Brilliant read from Hannah. She's a great writer and I've loved reading on a tablet. So everything is great with this book!

I loved this book, I told all my friends about it and some of us even read it all together. Some days on my lunch break I would just sit at work and read it just to forget all of the stress of that certain day. Hannah Hart is one of my favorite youtubers and she did a great job in this book. I love all of the page detailing, the book cover was great. When my coworkers would see me reading it they all wanted to know all about the book. Two thumbs up Hannah!!

I love Hannah Hart, so pretty much anything she puts out is fantastic for me. This book is no exception. It was funny, helpful, and gave me some fun ideas for some food and snacks to experiment with. I would buy it again in a heartbeat.

What more could you ask for in a book than comedy, puns, drinking, improvising, and lots and lots of love? Hannah shows that, although life is sometimes hard (just like the cover), you can always turn the page and you'll find the write path eventually. Amazing, inspirational, hilarious. Directions for use:1. Carrot Onesie.2. Cup o' Tea.3. Read, create, enjoy.4. Nom on your amazing beautiful culinary creations brought to you by YourHarto. I would recommend this to anyone who's willing to listen long enough. Don't forget to follow your @harto.youtube.com/harto

This book is so much more than a mere cookbook. It's a lesson in life advice. It made me laugh, it made me cry tears of joy. And the best part is I read the whole thing in Hannah's voice. I recommend this to anyone who has struggled in life. Hannah, who is not afraid of being herself, will encourage you to be you.

Hannah Hart is a joy to read, and watch on YouTube. I loved her book and her voice is so clear in her writing. I bought this book to give to a friend of mine, who is majorly obsessed with Hannah Hart. But I read it cover to cover before giving it to her, and I am glad that I did.

As a fan of Hannah Hart's My Drunk Kitchen youtube channel, it was an easy choice to buy this book. For those who aren't fans but love puns (as well as some insightful advice) you would probably really like this book. The "recipes" include ingredients such as "cheese on cheese on

cheese (because cheese?)" and "lettuce (bagged and prewashed, so you can save time to think of clever things to say)" as well as an appropriate cocktail with the dish. On the other hand, if you enjoy this book check out her Youtube channel
