Founded in 1947, Hal Leonard LLC has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

Sent it back. The pages were badly printed with music cut off some of them in the margins.

Several of the songs were poorly printed into the score (ie: no where close to straight). I would imagine this means that there is a quality control issue at Hal Leonard, Co. However, as a performer and music instructor, this series are the most competitive in the business at getting the job done.

My son in law, who is a professional singer, and teacher, requested this as a Christmas gift, so it must be a good book :0)

This book is essential for the serious baritone/bass singer who wants music right at his finger tips. My husband is in musical theater and vocal performance and he carries this on his person pretty much at all times.

Product as described - no problems with the transaction - would purchase again. My son's voice teacher often requests books in this line and finds lots of great things for my son to sing.

I am learning to sing at 70 a great book for the songs I like.

Great collection
