Customer Reviews

50 Quick and Easy Recipes For Breakfast Including Pancake Recipes, Waffle

Recipes and Crepes Recipes (Breakfast Ideas - The Breakfast Recipes Cookbook Collection

2) Short intro and then onto the recipes. Each recipe includes the title, list of ingredients, and how to

make the dish. There are no photos and no nutritional information. Available are pancakes, waffles

and crepes recipes. Didn't see any that called out to me—we'd have to substitute the ingredients for

healthier choice. Some also have toppings suggestions.

Some people believe breakfast is the most important meal of the day as it is the meal that breaks

the fast. Even if you do not subscribe to this belief, you will love to eat breakfast after reading 30

Quick and Easy Recipes for Breakfast by Pamela Kazmierczak. The author has written another

comprehensive and well edited cookbook. You will find an interactive table of contents making

navigation easy. Some of the recipes you will find in her cookbook include: Chocolate Chip

Pancakes Waffles with Strawberries and Whip Cream Maple Bacon Pancakes Recommend.

I believe the author should have changed the title to "Pancakes, Waffles and Crepes". That is not to

say that there is not a variety of these kinds of recipes. A recipe that I have been searching for

"BAKED APPLE PANCAKES", I found within this recipe collection. I was also thankful for "VEGAN

CREPE" recipe.

I downloaded this book because I wanted some new ideas for breakfast. I was a little disappointed

because 95% of the recipes were for pancakes and waffles.

It's a short book. There are no mixes in sight, which is my kind of cookbook. You will need to buy stock in buttermilk.

No such thing as a bad cookbook! At least that I've seen anyway!

By the title, I expected more different types of breakfast recipes. Looks like alot of the recipes in the book come from Betty Crocker book.

I've downloaded several of Pamela's cookbooks and enjoyed many of her recipes. This book has a big error in the yeast pancake recipe, it never tells you when to add the yeast. I haven't tried any of the other recipes yet, but I will be very careful when I try another.
