I am currently unmarried, but I am in a committed relationship with a gentleman who is a Godsend. I wanted to pray for my boyfriend daily, especially since he is currently deployed to another country, but wasn't always sure what to pray. In years past, I've heard about *The Power of a Praying Wife*. The Holy Spirit led me to

check it out. This book is such a BLESSING! I read a chapter a day. I am currently on chapter 25. The book not only assists me in praying biblically-sound prayers for my man, but it is anointed. Each day I pray, the chapter's topic just so happens to coincide with what my man is going through and/or addresses a pressing issue about his character. I absolutely love it! This book has also helped me understand some of the pressures that men face. I am becoming more compassionate, patient, and less frustrated with my man. I personally appreciate this book because it is helping me to keep my focus/contentment on Christ, pray instead of nag, and address my own character flaws as I study the provided scriptures. In addition, I've noticed that my boyfriend's thought-processes and conversations are starting to change for the glory of God. Even though my man and I are physically separated, I feel more connected with him than ever before. I HIGHLY RECOMMEND THIS BOOK!!!

This is a wonderful book, it seriously has saved my marriage, or at least my mind! I would recommend this book to any and every wife on the planet! Plain and simple.

Powerful. Not sure what to pray over your husband? Stormie helps you cover him in prayer from head to toe!

I have looked at her books for some time and just never got one. Then I got the power of a praying wife pocket edition and realized how helpful it was. By a friend's suggestion I tracked this book down and realized I should have done it a long time ago. A great resource and lots of good insight.

I am telling you from personal experience, this book can be a game changer in your marriage. I created my own list of things to pray for my husband from this and keep it in my Bible and pray daily/weekly for them. I have recommended and bought this book more than ANY other book for women looking to improve/maintain their relationship with their husband.

I thought this book had great prayers (at the end of the chapters) and it broadened the scope of my prayers for my husband. But, if I had my purchase to make over again, I would just buy the book of prayers, not the whole book. The book had a vibe of works-orientation that I didn't enjoy. And, some of her thoughts were not in line with how we function with Christ under the New Covenant. That being said, I still thought the book was a great resource and I will definitely use it again to lead my prayers.

A friend of mine has this book...It not only caught my attention but inspired me to pick it up and leaf through it...I came upon the Prayer page about "His Work"..."Lord, I pray that you would bless the work of my husband's hands. May his labor bring not only favor, success, and prosperity, but great fulfillment as well. If the work he is doing is not in line with Your perfect will for his life, reveal it to him. Show him what he should do differently and and guide him down the right path. Give him strength, faith, and a vision for the future..."Beautiful... and that is only a fifth of the full prayer...I love my husband...we have a lovely marriage despite the roller-coaster that life brings to it. God has truly been present in our marriage of nine years, safely delivering us through some really scary storms... We are a praying couple, but there's something about bringing more, specific prayer into a strong relationship that can make it even stronger...God blesses us with wonderful husbands...as well as authors like Stormie who are touched so beautifully by the Spirit to be guided to write books like this so we can pray for our perfect-for-us men.I highly recommend this book.

If you are struggling with unforgiveness, bitterness, and resentment towards your husband and you don't know of a way out this book will be a lifesaver. It will give you God's perspective on your husband (after all he is God's child too), releasing him to God and helping you to get free by learning to pray for him in specific areas. Go for it! Even if your marriage seems doomed you will find encouragement and hope in this book because the author shares her own personal struggles.
