I recently purchased this book. When I ordered I was told it was new, but upon opening the book I learned that it was far from new. The cover was tattered and there was writing and highlighting throughout the book. I didn't have time to replace it because I am in an accelerated class that only lasts 4 weeks. I saw tons of cheaper options that were used, if I had wanted used, I would have ordered it!!

It says includes MyCompLab New Student Access, don't believe this. It does not include access to MyCompLab, you have to purchase a new access code. So when your looking at the cost of the book add \$30 additional b/c that's about how much it cost for an access code to MyCompLab. In my case, what I paid for this book and the access code, I should've bought it brand new b/c it would've been the same amount. Be Cautious when comparing used prices to new prices. This was my 1st time purchasing, next time I will probably purchase new at least then you know what you get.

Hope they can make it better next time. Im a fan by the way

great!

had this growing up, it helped me through college, sent them to a friend to help her.

The book which was listed as in good condition arrived and I was disappointed. The cover was all bent up ready to fall off in parts. Inside was not much better. There are numerous marking both pen and highlighter throughout. I do not feel the condition was listed properly. I would label it as bad. I rented a book in better condition.

Great price! taking an summer course. This one works for me! Descriptions are easy to follow and chapters are short.

Great price!
